Family Low-Income Guidelines

A household income allowance is needed from the applicant. This number is equated by multiplying \$10,000 by each household dependent, including adults. For example, in order for a member of a family of 4 to be eligible for a needs-based scholarship, the family income must be less than \$40,000/year (4 family members X \$10,000 each).

Exceptions

Each situation will be personally considered. If you feel you need financial assistance and do not fit the above criteria, please submit a letter explaining your circumstances and it will be considered by the DSM Academy. Adult scholarships will be considered on a case by case basis.
